

## **Recommendation for Robin Cushing and Robin's Nest Daycare**

1330 Port Drive  
Oxnard, CA 93035

Robin came highly recommended to us from four work colleagues/friends whose children attended her daycare until Kindergarten age. We scheduled an interview with Robin at her home and toured the facility. We immediately knew it was the place to enroll our 16-week old son, Miggy, in 2012. Her daycare room is attached to her home, but has clear boundaries as its own entity with a separate entrance. The kids have their own bathroom access, and younger kids have their own quiet sleeping room with cribs and pack-n-plays. There is plenty of toys and books, no need to bring yours from home. Her yard is well-manicured and available for play. The overall neighborhood is safe, close to schools and parks, and close to other daycares for fun interaction.

Robin is a loving nurturer of children. Having three daughters of her own and running her daycare for 20+ years now, her experience is unparalleled. As new parents, we often leaned on her for advice and diagnostics of coughs, rashes, etc. Our kids not only survived, they flourished.

Having eight children at a time in the daycare is a perfect balance to learn many of life's lessons, which Robin facilitates, like sharing, safety, and manners. Individually, Robin is a teacher who helps kids reach major milestones in development: our son was walking and speaking at a young age, potty-trained completely on his 2<sup>nd</sup> birthday, reading sight words at 3 years old, learning the basics of Spanish and ASL throughout, not to mention writing his name and many other words. (these results are not guaranteed, but are possible)

Every holiday is celebrated, and many crafts will be made, which we appreciated.

When our daughter was born in 2014, we were grateful there was a spot for her in Robin's daycare to join our son. Mireya experienced the same love and learning as that of her older brother.

As our son heads to Kindergarten, we know he is prepared, thanks to Robin. It is a bittersweet time for our family, as we will miss Robin, her family, and the entire daycare family. We have grown close over the last 5 years through our common goal of raising smart, respectful, and loving children.

If you are in the need of daycare as a parent who works full-time, we highly recommend Robin Cushing with no reservations. Your apprehensions and fears of leaving your child while at work will be erased after day one. You and your child will experience and gain more than you could have ever hoped for- long-lasting friends and a second family.

Sincerely,

Miguel, Taneekia, Miggy, and Mireya Campos
